### STATE SEAL HISTORY & COLORS

The official state seal was approved by Article 22, Section 20 of the Arizona Constitution and adopted in 1911. The state's key enterprises are symbolized on the face of the seal. The official state seal is the one described in the Arizona Constitution, the black and white version is considered the "official" version of the seal.

### STATE SEAL COLOR VERSION

A color version of the seal is available in Vector Line Art for printing purposes from the office. Spot color is preferred with colors as provided to the left. These colors have been researched to match the colors as closely to the original color seal as possible.
