

## Arizona Out of State Landlord Resource Guide

### Search the County Assessor in your area

Many county assessor websites feature searches for additional research. Office phone contacts are also listed for further questions. As these capabilities are often updated, our office can't guarantee that each county offers similar search features and functionality.

### Search for IN-STATE Landlords

The Arizona Corporation Commission files corporations and limited liability companies (LLCs) in the state of Arizona, and you can search those records by current, historical or past business names. The commission's database also finds businesses filed with the Secretary of State. However, this list is not conclusive, and should not be considered as a definitive list of all in-state landlords.

### Department of Housing: Residential Landlord and Tenant Act

The Department of Housing provides copies of the Arizona Residential Landlord and Tenant Act by mail or as a PDF download. The Department of Housing also has references to legal aid and the Mobile Home Parks Residential Landlord and Tenant Act.

DISCLAIMER: The Department of Housing **and** the Secretary of State are unable to provide any legal advice regarding landlord-tenant disputes. Please consult an attorney or legal aid for all legal questions.
