An Introduction from Secretary of State Michele Reagan

The Office of the Secretary of State files the registration of trade names and trademarks in the State of Arizona. The registration of trade names and trademarks is not legally required in our state, but is an accepted business practice.

It is important to note that trade names/trademarks are not officially approved at submission, rather until the application is reviewed and the proper filing fees are processed. Upon receipt, we then review the proposed name for potential conflicts with existing registered names. As a precaution we advise all those registering a trade name or trade mark to delay the purchase of business cards and other office supplies that might contain your proposed name or mark until you receive your "Certificate of Registration" in the mail.

If you have any questions on the interpretation of the laws in this handbook or need assistance in business decisions, we suggest you seek the advice of an attorney familiar with business formations.

All application forms needed for registration require notarial services. If mailing the forms, please make sure the documents are notarized beforehand. Notarial services are available at both of our in-person customer service centers listed on page 3. If notarization is needed, the signer(s) must be present, but if the document is notarized in advance, anyone can deliver the form.

If you have any questions about filing please call our office at (602) 542-6187.

Sincerely,

[Handwritten signature of Michele Reagan]

## RESEARCHING NAMES

Before filing a trade name perform an online search of potential business names at [www.azsos.gov](http://www.azsos.gov). Search instructions are provided on the website. Remember qualification is made against the statewide database containing more than 300,000 names. The trade name must be distinctive and distinguishable from the recorded registrations.

As stated earlier in this handbook trade names or trademarks are not officially approved until the application and fees are not only received by this office; but when the proposed name/mark is reviewed for potential conflicts with existing registered names and marks. ♦

## THE FILING PROCESS

### Filing a Trade Name or Trademark in Arizona

The registration of a trade name (sometimes referred to as a “business name,” “fictitious name” or Doing Business As referred to as a “DBA”) is not legally required in Arizona but is an accepted business practice. In Arizona, trade names and trademarks can be filed in the Office of the Secretary of State.

Trademarks and service marks follow the same general procedure as trade names. You must provide a full written description of the mark describing your logo. Applications must include three (3) samples of the mark you wish to register on paper no larger than 8 1/2 by 11 inches and should be able to be photocopied clearly. The mark should reflect what you intend to display to the public.

### *More about Written Descriptions of Trademarks/Service Marks*

You must provide a written description that fully describes your mark. In order for a trademark to be registered with the Secretary of State’s office, the written description must be descriptive of the logo you are registering. The main reference for checking availability for the registration is the written description appearing in our database. Your description must accurately match the mark submitted in full detail. It is suggested that the name of the business be part of your description and attached to all trademarks.

- Fully describe your mark from top to bottom, left to right, on line 1 of the application. Should the allotted space on the application form not allow you to accurately describe the mark, you may attach an additional page.

A description of a mark for the seal of Arizona would be “A shield within two circles with the words ‘Ditat Deus’ in capital letters in a box above the picture of a miner on a cliff with a pick and shovel with a sun rising over a valley in the background. Between the circles are the words ‘Great Seal of the State of Arizona’ in capital letters followed by a star, the date ‘1912’ and another star.”

- Words used as a mark should include description of the font and any additional distinguishing factors regarding the style and layout.

A description of a mark for McDonald’s would be “A large capital ‘M’ in yellow resembling an arch over a red rectangular box containing the word ‘McDonald’s’ in white lettering.”

- Three samples of the mark are required at the time of filing. Samples should be on 8 1/2 by 11 inch paper and should be able to photocopy clearly.

Examples would be a proof or layout that you would send to a printing company. Letterhead, business card, advertisement, envelope, or the mark itself on an 8 1/2 by 11 inch paper is an example of what can be submitted.

- Please make sure the date of first use is prior to the date submitted and that the classification number is listed. The applicant’s signature must be notarized.

State of Arizona classification numbers for trademarks are included in this booklet and should be included on the registration form for a trademark. See pages 17-18. Please see [www.azsos.gov](http://www.azsos.gov) for further information including the classification categories.

All applicants must be at least 18 years old to register with our office. This application must be signed, dated and notarized. Registration forms are available:

- At one of our customer service centers listed on page 3;
- For download at [www.azsos.gov](http://www.azsos.gov); and
- By contacting our office at 602-542-6187.

## APPROVAL OR REJECTION

If the application passes the standards set for approval the applicant will receive a certificate once the trade name or trademark is registered. The general rule governing trade name acceptability is found in statute. It states "*The Secretary of State shall not file an application for the registration of any trade name, title or designation if it is not distinguishable on the record from any other name previously filed and on record with the Secretary of State*" A.R.S. § 44-1460.01(B). If the trade name is rejected, an applicant will receive a notice detailing the reason for a rejection. In some cases, the simple addition of another word to the trade name may make it acceptable for filing; or one of the items listed on page 3 may be missing.

---

## Tips to Avoid Rejection

Laws 2005, Chapter 228, amended Arizona Revised Statutes governing trade names to require that a trade name be "distinguishable upon the record." Beginning with filings submitted on August 12, 2005, the new standard required that a trade name be distinguishable from other names already on file with the Secretary of State and the Arizona Corporation Commission.

The Secretary of State does not register corporate names, for example, "ABC, Inc". Please remove all designations from your trade name such as INC, LLC, LTD., Chtd., or LP. Applicants wanting to register as a corporation, LLC or other corporate entity should contact the Arizona Corporation Commission. If an owner has already registered their corporate name with the Arizona Corporation Commission, it is not necessary to also register a name with the Secretary of State, as the agencies use a shared database.

The Secretary of State cannot register a name that is not distinguishable upon the record from any other name previously registered and on the record with either the Secretary of State or the Arizona Corporation Commission. Names submitted for registration must be unique and distinct from all other listings. To determine if the name to register is distinguishable, search the database on either the Secretary of State's website or the Arizona Corporation Commission's website. Try searching using root words, and remove all plural endings, punctuation and articles ("a" or "the"). Remember, the name search is part of a statewide database. ♦

## REGISTRATION RENEWALS

Trade name registrations are active for five years and trademark registrations last for ten years.

It is recommended that the owner of the trade name or trademark renew their registration beginning six months before its expiration date. Only the current owner can renew a trade name or trademark. At the time of renewal, if the ownership has changed, the applicant must also submit an Assignment of Trade name or Assignment of Trademark form along with the renewal. If the owner does NOT renew BEFORE the date of expiration, the owner risks losing the trade name or trademark, and it may be registered by another applicant.

If the registration has expired and no one else has registered the trade name or trademark, the applicant may submit a new form to re-register the trade name or trademark. The trade name registration renewal fee is \$10 and the trademark renewal fee is \$15.

The Renewal form is available:

- At one of our customer service centers listed on page 3;
- For download at [www.azsos.gov](http://www.azsos.gov); and
- By contacting our office at 602-542-6187.

This application must be signed, dated and notarized. ♦

**REGISTRATION AMENDMENTS**

Owner(s) already registered with the office shall use a Trade Name/Trademark Amendment form to AMEND a trade name or trademark. This form may be used to change:

- A legal name change;
- An address change;
- A phone number change; or
- A nature of business change;

The filing fee is \$3. This application must be signed, dated and notarized.

The Registration Amendment form is available:

- At one of our customer service centers listed on page 3;
- For download at [www.azsos.gov](http://www.azsos.gov); and
- By contacting our office at 602-542-6187. ♦

**ASSIGNMENT TRANSFERS**

Owners of a trade name or trademark shall use an Assignment of a Trade Name or Assignment of a Trademark form to transfer a trade name or trademark already on file with the office to another person or entity. The filing fee is \$10 for a trade name assignment and \$15 for a trademark assignment. This application must be signed and dated by both the assignor(s) (current owner) and assignee(s) (new owner) and notarized.

Assignment of a Trade Name form is available:

- At one of our customer service centers listed on page 3;
- For download at [www.azsos.gov](http://www.azsos.gov); and
- By contacting our office at 602-542-6187. ♦

**CANCELLATION**

Trade Name Trademark Cancellation form is available:

- At one of our customer service centers listed on page 3;

## Key to Success

Please note that applications for registration of a trade name or trademark that are mailed to the Secretary of State's Office **MUST BE NOTARIZED** before submission. However, notarizations are not required for those bringing an application in person. These services are available at our customer service centers listed on page 3 as long as the signer is present and has the proper ID under

## Section 2

*Secretary of State  
Trade Name and  
Trademark Standards  
Effective 08/12/2005  
Revised 5/8/2007*

## Secretary of State

## Distinguishable Standards

Please be advised that the Secretary of State's role in determining whether or not a proposed trade name is "distinguishable" is **ONLY** ministerial.

Registering or filing a name in the secretary's office does not grant rights or interests in that name. Under Arizona law the Secretary of State does not have the authority to resolve contending claims to a name under other statutes or under common law.

Even though the Secretary of State approves a name as being distinguishable from previously registered names (based on the criteria on the following pages), the name may still infringe on the intellectual property rights of other parties.

For instance, if the name registered is similar to a name already protected by a U.S. Patent and Trademark Office trademark filing, consequences such as being forced to stop using the name, among other legal implications, could occur. In fact, the owner of the state registered trade name may be ordered to stop its use even if the name is not federally registered by another entity if a similar name is already being used in a related field. ♦

**The following items will NOT make a name distinguishable from another name on the record:**

1. **Entity Endings:** Words and abbreviations that are required to identify the type of business entity are disregarded when considering name availability and do NOT qualify a name as distinguishable. This includes abbreviated forms of the identifiers as well as foreign language equivalents. Thus, names otherwise identical except for the presence of any of the following words or abbreviations shall not be considered distinguishable:

**Identifiers:** "Corporation," "Company," "Incorporated," "Limited," "Co.," "Ltd.," "Corp.," "Inc.," "Limited Partnership," "Limited Liability Company," "Limited Company," "LLC," "LC," "Registered Limited Liability Partnership," "LLP," "Professional Corporation," "Professional Service Corporation," "PSC," "PLLC," "PLC," "Professional Association," "P.A.," "Service Corporation," "S.C. ", "Chartered".

**Examples of non-distinguishable names:** "Business Machine Company", "Business Machine Company, Inc.", "Business Machine Corporation", "Business Machine LLC", "Business Machine Limited Partnership". **Please note:** A name may NOT be comprised only of identifiers listed above. For example, "Limited Service Company".

**Foreign corporations.** "Words or abbreviations of like import in another language".

**Example:** "Los Gatos S.A., Inc." is NOT distinguishable from "Los Gatos Inc".

2. **"&" and "And" are NOT distinguishable:** Names otherwise identical except for the presence of "and" or the ampersand symbol or just a space between words shall not be considered distinguishable.

**Example:**

"Run and Gun Enterprises" is NOT distinguishable from "Run & Gun Enterprises"

3. **Articles:** Articles of speech ("a," "an," "the") do NOT make a name distinguishable.

**Examples:**

"Carpet Universe" is NOT distinguishable from "The Carpet Universe";

"The Bates Motel" is NOT distinguishable from "Bates Motel"

"An Eagle's Talon" is NOT distinguishable from "Eagle's Talon"

4. **Possessives:** The possessive form of a word is NOT distinguishable from the plural.

**Example:**

"Hill's Supermarket" is NOT distinguishable from "Hills Supermarket"

5. **Marks of punctuation & Differences in the use of Special Characters:** Commas, periods, apostrophes, quotation marks, dashes, exclamation points, question marks, asterisk, backslash, left brace, right brace, caret, greater than, less than, number sign, underscore, tilde and all other marks of punctuation appearing in trade names are disregarded when considering name availability and do not qualify a name as being distinguishable.

" (quotation marks)	. (period)	; (semicolon)	! (exclamation point)
' (apostrophe)	\ (back slash)	(pipe)	? (question mark)
( ) (parenthesis)	/ (forward slash)	- (hyphen)	... (ellipsis)
, (comma)	~ (tilde)	[ ] { } <> (brackets)	_ (underscore)
* (asterisk)	> < (greater/less than)	--- (dotted line)	´ ` (accent marks)
^ (caret)	: (colon)		

**Examples:**

"CD Construction" is NOT distinguishable from "C-D Construction"

"Brian's One to One Training" is NOT distinguishable from "Brian's 1-2-1 training".

7. **Word spacing or combining:** A proposed name is deemed not to be "distinguishable" to an existing registration if the addition or subtraction of spaces (" ") is the difference.

**Examples:**

- a. "Twin State Motors" is NOT distinguishable from "Twinstat Motors"
- b. "Mid Co" is NOT distinguishable from "MidCo"
- c. "Hilltop Stables" is NOT distinguishable from "Hill Top Stables"
- d. "Outbound Travel" is NOT distinguishable from "Out Bound Travel"
- e. "Northwest Homes" is NOT distinguishable from "North West Homes"

8. **All names are reviewed in upper case letters.** The use of upper and lower case of letters within a trade name, as that name appears on any document filed with the Secretary of State, are disregarded when considering name availability. Thus, names otherwise identical except for difference in the use of upper and lower case shall not be considered distinguishable.

**Example:**

"Azleads" is NOT distinguishable from "AZLEADS"

9. **False implication of Government Affiliation:** The name may not be one that might falsely imply governmental affiliation, local, state, or federal or any sub-division thereof without authorization to register such a name.

**Example of trade names that may falsely imply affiliation:**

"Arizona State Troopers Association"; "I.R.S. Collections"

10. **Grossly Offensive, Obscene or Names that have an Illegal connotation will not be acceptable.** Names that contain words, phrases or references that:

- a. are clearly derogatory to a particular group of people, such as a particular gender, ethnic group, religious group, race etc.
- b. are commonly understood to have a profane meaning or usage.
- c. inappropriately promote abusive or unlawful activity. Names that may legitimately be understood to have a meaning that is not grossly offensive, despite contextual double entendre, are acceptable (e.g., "Haulin' Ass" for an animal transportation business or "The Bitch Pound" for a kennel business will be acceptable; however "The Filthy Bitch Pub" for a bar would not be acceptable).

11. **World-wide web prefix or suffix:** The addition of a worldwide web prefix or suffix does not distinguish a proposed name from an existing registration

**Examples:**

- a. "Whitehouse.com" is NOT distinguishable from "Whitehouse.org"
- b. "www.Whitehouse.com" is NOT distinguishable from "HTTP//Whitehouse.org"

*The following items DO make a name distinguishable from another name on the record:*

**Purchasing Trade Name and Trademark Data**

---

The Arizona Secretary of State, Business Services Division (SOSAZ) maintains the database of over one hundred fifty thousand partnership, trade name and trademarks for the state of Arizona. These registrations are referred to as non-incorporated registrations and are used as certified name registrations. They are continuously updated through the process of filing Partnership, Trade name and Trademark applications (NIR) at the SOSAZ, where they are imaged and keyed into the NIR system. The NIR registrations, and soon the images of the registrations, are accessible and completely searchable to the public via the Internet at [www.azsos.gov](http://www.azsos.gov).

The Office of the Secretary of State, Business Services Division, provides the Non-Incorporated Registrations Index in two options:

- Full Index File
- Monthly Index File subscription

Included with each single request is a complete listing of the registrations, associated filings, service of process agents and owners. Each subscription will contain only those registrations entered during a calendar month time period. A "subscription," rather than a full file, enables the subscriber to receive twelve issues, each containing a calendar month's list of Non-Incorporated Registrations. The subscription is based upon receipt of the request, so it may be entered into at any time during the year.

Non-Incorporated Registration Index Options and Non-Incorporated Registrations Index descriptions are available online.

Requests for a NIR Index must be done in writing and must be accompanied by a check or money order. Written requests should be made on the public records request form.

Written requests should be submitted to:

    - (b) Likelihood of confusion, mistake or deception.
  - 3. "Mark" means any trademark or service mark.
  - 4. "Person" means any individual, firm, partnership, corporation, association, union or other organization.
  - 5. "Registrant" means the person to whom the registration of a mark under this article is issued or the person's legal representatives, successors or assigns.

- B. A mark is in use:
  - 1. On goods when it is placed in any manner on the goods or other containers or the displays associated with the goods or other containers or on the tags or labels affixed to the goods or other containers, or if the nature of the goods makes the placement impracticable, then on documents associated with the goods or their sale, and the goods are sold, transported or distributed in this state.
  - 2. On services when it is used or displayed in the sale or advertising of services and the services are rendered in this state.
- C. A mark is abandoned if either of the following occurs:
  - 1. Its use has been discontinued with intent not to resume the use. Intent not to resume may be inferred from circumstances. Nonuse for three consecutive years constitutes prima facie evidence of abandonment.

The secretary of state may accept as prima facie evidence that a mark has become distinctive of the applicant's goods in this state proof of substantially exclusive and continuous use of such mark in this state by the applicant during the five-year period preceding the execution of the application for registration.
6. Consists of or comprises a mark that so resembles a mark registered in this state or a mark or trade name previously used in this state by another and not abandoned, and that when applied to the goods or services of the applicant, is likely to cause confusion or mistake or to deceive.

Only ONE owner type can be selected for all trade name and trade mark forms. For example, if the owner is an LLC owned by a sole proprietor, both the "sole proprietor" and "LLC" options cannot be selected. One type must be decided before the form is notarized. If a form is submitted with two or more owner types, it will be returned and a new, corrected form must be submitted.

A trade name or trademark cannot be continued after it expires. A trade name registration application must be submitted instead.

If an assignment is to be filed, make sure that both the assignor and assignee sign in front of a notary. If one person is signing on behalf of both the assignor and assignee, that person must sign in both the assignor and assignee sections.

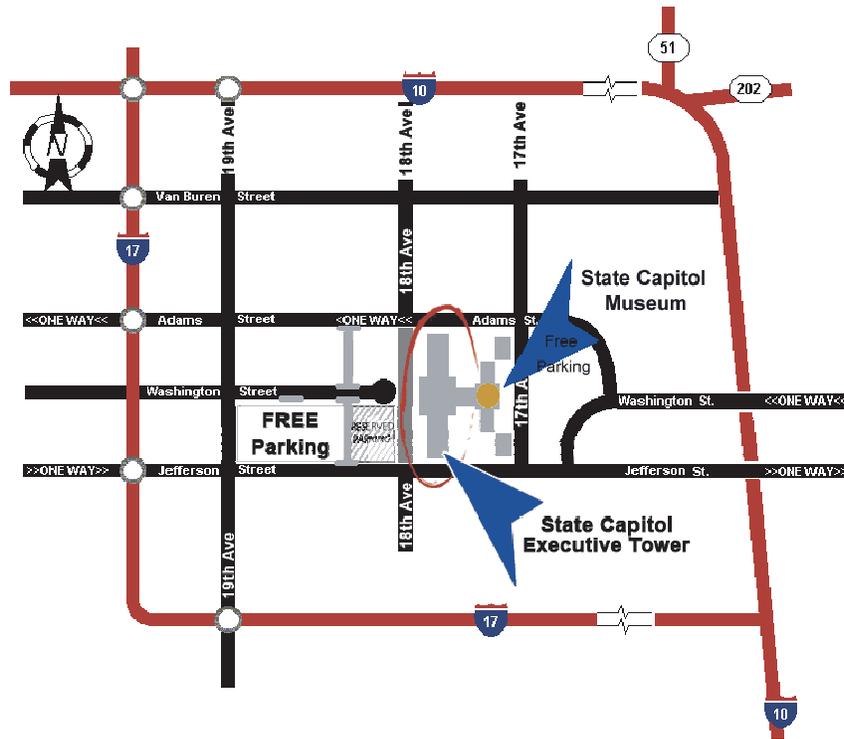

\* All applications can be expedited by submitting the filing fee plus an additional \$25 fee. This will speed up our processing time. If the form is mailed with both fees, it will be processed within 1-2 days of receipt. If the form is brought in with both fees in person to our Phoenix or Tucson offices, the form will be processed immediately.

\*\* The trademark application asks for classification numbers, which refer to categories ("classes") on which the logo or slogan will appear. The owner may select from 43 different classes that fall under A.R.S. 44-1449, "Classification of goods or services". Page 18 lists the available classification numbers.

All forms must be notarized and can be notarized in any state. Should the applicant be outside Arizona, have the notary strike out "Arizona" in the notarial venue, initial the change, and complete the state and county where the notarization is taking place. Also make sure the notary reads the notarial language and completes it accurately.
