Visit Our Consolidated Candidate Platform

It doesn't seem possible, but in less than a month, election officials around the state will begin sending out ballots for the August primary to military voters overseas. To make it easier for people to connect with the candidates they'll see on the ballot in August, we've launched a unique platform that displays the 200+ candidates who have filed to run for public office. Our Consolidated Candidate Platform can be easily accessed by visiting www.Arizona.Vote.

The website includes candidate bios, contact information, financial disclosures and links to official nomination paperwork. Plus, we'll be keeping you up-to-date on the action in the courts as candidates file complaints on everything from campaign finance to petition challenges.

We feel like people should be better able to inform themselves without bureaucratic red tape, costs and senseless hurdles. We live in a digital age, and we're doing our best to make sure government acts like it.

Sincerely,

Veterans Charities Organizations

Arizona state law requires Veteran’s charities to register with our office. Before you make any contribution, search our website to make sure the organization is reputable and they are who they say they are.
